

Cor-Touch™ Foam Machine Knit

FEATURES

- 13-Gauge, Gray Nylon Shell
- Black, Sandy Finish, Foam Nitrile/PU Palm Coating
- Sold by the Dozen

DESCRIPTION:

Nitrile is an oil-resistant, synthetic rubber that is abrasion-, snag-, and puncture-resistant. Machine knit, nitrile-coated gloves are incredibly durable and offer excellent sense of touch. Foam nitrile coatings are porous, which channels oil away from the glove surface for a secure grip in light oil applications. This Cordova Safety Products brand Cor-Touch Foam™ glove features a 13-gauge, gray, nylon shell and black, foam nitrile/polyurethane (PU) palm coating with sandy finish.

CERTIFICATIONS & RATINGS:

CE/EN 388: 4121

APPLICATIONS:
