## A Higher Caliber of Cut-Resistance

CORDOVA SAFETY PRODUCTS-brand CALIBER™ gloves are available in durable goatskin leather and machine knit styles to provide a variety of cut-resistance levels for a range of applications.

### LEATHER

CALIBER-GT™ gloves features soft, grain, goatskin leather with 360-degree ANSI Cut Level A5 protection. The unique cut & sewn HPPE/Steel linings match the construction of the leather outer providing better comfort and flexibility. Unlike some aramid-based linings, CORDOVA's HPPE/Steel linings are cool-to-the-touch and hands slide in and out easily without pulling out the liner.
