RIVAL™

ANSI/ISEA 105-2016

XS-2XL

- 13-Gauge, Gray HPPE Shell
- Gray Polyurethane Palm Coating

ANSI/ISEA 105-2016

Cut Level: A2

Abrasion Level: 3

Puncture Level: 3

Description:

High-performance gloves are machine knit constructed of high-strength yarns that provide increased levels of dexterity and abrasion- and cut-resistance. Most feature coatings to increase the durability and gripping power. High Performance Polyethylene (HPPE) has a tensile strength 15 times stronger than steel on an equal weight basis. Gloves made with HPPE are lightweight, comfortable and abrasion- and cut-resistant. Tests have shown that gloves made with HPPE fibers have up to 20 times the abrasion resistance of gloves made with spun Aramid yarns.

Applications:

Light/Medium Cut Applications: Parts Handling, HVAC, Assembly, Maintenance, Metal Fabrication,

 **WARNING:** This product can expose you to N, N-Dimethylformamide which is known to the State of California to cause cancer. For more information, visit www.P65Warnings.ca.gov
