ARTWORK

One-Time Set-Up Fee (Plate/Screen Charge)

Please check under each product type for the applicable one-time artwork set-up fees.

Acceptable Artwork Files

Please provide Vector artwork files. Vector files are high resolution files usually in EPS, AI and sometimes PDF formats. Vector files allow designers to expand the size of artwork with no loss in resolution. Files in the following formats are not Vector: JPEG, GIF, PNG & TIF. Please note that simply resaving a file in a Vector format will not convert it to a Vector file. In most cases, Cordova can recreate/convert non-Vector files to a Vector format for a \$45 artwork fee.

Color Matching

Stock colors will be used to reproduce your logo. Special PMS color matching is available. Contact Cordova for a quotation.
